MEMORANDUM FOR: Assistant Deputy Director (Administration)

SUBJECT: Forecast of Military Personnel Requirements, Fiscal Year 1954, (for DCI)

1. The Assistant Secretary of Defense has requested a forecast of the military personnel requirements of the Central Intelligence Agency during Fiscal Year 1954. The request is supported by the premise that, if our requirements are included in the long range personnel plans of the Services, the Department of Defense will be in a better position to deliver the required personnel in an orderly and satisfactory manner.

2. Since military personnel are currently required in activities under your jurisdiction, it is requested that forecasts, consistent with your current and pending plans, be forwarded to this Division for consolidation and delivery to the Department of Defense. The only details required at this time are the total numbers of officers and enlisted men required from each of the services, with a quarterly phasing schedule, if applicable. See format attached for method of submission. For the purpose of this forecast, your Fiscal Year 1953 requirements submitted to the Assistant Secretary of Defense on 2 May 1952 will be considered as approved authorizations up to 30 June 1953.

3. In order to meet the Department of Defense planning schedule, it is desired that forecasts be completed by 16 June 1952.
